

# Club Fundraising

For our Club to carry out the projects we support and the programs we sponsor, we rely on effective fundraising.

Kiwanis requires that all funds we raise be tracked in two distinct categories. While both may be held in a single bank account, the Treasurer must account for them separately:

## 1. Administrative Funds

These support our day-to-day operations. They come directly from members through sources such as Happy Dollars, meeting auction items, and a small portion of dues. (Dues are not considered donations.)

## 2. Service Funds

These are used exclusively for our community service activities. Most of our fundraising efforts are dedicated to this category.

Our primary fundraising event is the Winter Winefest & Auction, traditionally held on the last Saturday in January.

Tax-deductible personal and business contributions are welcomed throughout the year and make a meaningful difference.

We are always open to new and creative fundraising ideas that help us expand our impact.
